BRIEF ABSTRACT OF LETTER.

Requests that the supply of taluka maps to the magrs courts in Chitaldrug D. for purposes of calculating distances between villages may be ordered.

2) This seems to be the first time when a request is made for the supply of maps to magistrates courts. If the necessity of the maps for the courts is accepted, all other courts in the State may have to be similarly supplied. It is also doubtful if, for purposes of calculating distances, the maps will be as useful

3) Subd Treasurers — Draftsmen put up, but this subd that taluk maps do not serve the purpose for which they are now wanted. The distance between villages is not marked on the map. There is no doubt a scale mentioned, but to calculate the distance from that is rather a rough & laborious method & will not give the correct figure as the road or Cartway is never straight between two villages. Another aspect is, all the Courts in the State may hereafter indent for maps, including Bench & Village Courts. Separate orders.

Secrt may be consulted whether for the purpose of noting Cenery distances, it will not be sufficient if the Hd ~~Clerk~~ Dominion of the nearest Rev Court (D.C. SDO: Amr) is authorised to certify distances immediately on requisition from the Magte Court; as only the D.C's Cenery mat contains the same a full set of maps. & for ascertaining distance be sufficient a full set Magte required. Another, & of Cenery, more satisfactory alternative (is & avoid conflict bet distances as certified by Hd Clerk & as allowed by Comptn) may be to direct Comptn to give info on requisition. This will, however, involve great work & perhaps both Cenery may

I do not know if the Taluk maps furnish the information required for the use in Special Magistrates' Courts, and if they do, the supply of such maps may be ordered. The question mainly depends upon this. If the
